

Fair use Policy of Unlimited Internet service

«Fair use Policy of Unlimited Internet service» is introduced in order to prevent the commercial usage from the point of particular subscribers of data services within Vodafone Ukraine network, which can complicate or make it impossible the usage of data services for other subscribers.

Statute for Vodafone Ukraine Prepaid Service subscribers:

1. Unlimited Internet service is available in Vodafone SuperNet Unlim tariff, intended for using in smartphones and tablets.
2. Unlimited Internet service at the highest possible speed is available if you use no more than 40 GB in a package of services per month. If the subscriber exceeds this quota, speed of Internet will be reduced to 0.8 Mbit/s until the service package is updated per month.
3. In case of using Unlimited Internet, the access to file sharing networks (torrents) is closed.
4. The access to Unlimited Internet can be limited in case of:
 - 4.1. the usage of smartphone or tablet and data services as access point to Internet as modem;
 - 4.2. the usage of sim card in the modem.
5. The speed of connecting to Unlimited Internet service can be reduced in case of increased the load on the Vodafone Ukraine network, which was caused as a result of the data services usage by other subscribers in the network.
